

SUMMER QUARTER
REQUEST FOR DEFERRAL OF FELLOWSHIP
DEPARTMENT OF MECHANICAL ENGINEERING

Summer Fellowships are awarded with the intent of allowing a student to focus on research during the summer term. In some instances students obtain summer internships or other work that is aligned with the research objective. In these cases, a deferral of the summer fellowship may be appropriate. This form should be used to request a deferral of summer fellowship funds for one quarter only. Please note that tuition increases each autumn and part of the approval process must include a commitment from either a faculty member or yourself to cover the additional costs in tuition that will be incurred by a deferral.

Please note: This form is to be used only for departmental fellowships. Deferrals of fellowships from other entities (i.e. SGF, Government, other institutions) must be arranged with the appropriate Fellowship Administrator directly.

Student Name: _____ Type of Fellowship: _____
Student ID: _____ E-mail: _____
Major Department: _____ Program Advisor: _____
Current Academic Year (i.e. 2006-2007): _____

Please describe the reason for the request:

Student Signature

Date

I have discussed this plan with the student and

I agree to pay the additional tuition incurred by this deferment

Student agrees to pay the additional tuition incurred by this deferment
